Commission adopts trade measures against Faroe Islands to protect the Atlanto-Scandian herring stock

The European Commission has adopted a package of measures to address the continued unsustainable fishing of herring by the Faroe Islands. The measures include the ban of imports of herring and mackerel from the Atlanto-Scandian stocks that has been caught under the control of the Faroe Islands as well as fishery products containing or made of such fish.

European Commission initials a 4-year Protocol to the Fisheries Partnership Agreement with Morocco

The protocol is consistent with the reform of the external dimension of the EU Common Fisheries Policy by placing a strong emphasis on scientific advice, economic profitability, good governance and respect of international law. Sustainability is ensured by restricting fishing activity to the surplus resources in all fisheries whilst 14m EUR – of a total envelope of 40m EUR, is earmarked to support the fisheries sector in the country.

Commission adopts IUU vessel list

The European Commission has adopted an updated list of vessels that cannot land or sell their fish in the EU as they have been identified as taking part in illegal, unreported and unregulated fishing (IUU). The list comprises vessels included in the IUU lists adopted by regional fisheries management organisations (RFMOs) around the world.
